

# CLAPP

Clapp is a furniture family comprising a sofa, an armchair, and tables in two sizes.

The collection is a tribute to the best design pieces of the 1960s, especially Józef Chierowski's iconic 366 armchair model. Clapp stands out with its timeless character style achieved through a carefully selected combination of vintage aesthetics with strong modern lines. This expressive form and geometric silhouette tie together to create a memorable design.

Depending on the selected upholstery material and wood colour, the collection acquires a different character, fitting into a variety of public, commercial and residential interiors.

Clapp is a winner of the prestigious Red Dot Product Design Award 2014.
